

# ONLINE BENEFITS ADMINISTRATION

## AccessAble<sup>SM</sup> — online benefits administration that's indispensable

### Simplified online administration

Timely and accurate notification of employee changes is critical to successful benefits administration. AccessAble, our online administration system, allows simple entry of employee changes, including new hires, benefit elections, salary changes, and terminations, as well as access to evidence of insurability (EOI) pending status.

### Administrative ease

Why do more than 12,944 groups use AccessAble? For ease of administration. It offers real-time connectivity for administrators and consultants. It allows you to make elections on behalf of your employees or put enrollment in their hands with member self-service capabilities.

### AccessAble gives you:

- Year-round ability to directly manage employee enrollments at the time of hire, termination, rehire, life event, and annual enrollment
- Billing and payment features that let you pay in a variety of ways online, set up auto-pay payments via bank draft or credit or debit card, generate rebills for up-to-date accuracy, and view billing and payment history
- Claims features that let you submit claims online, monitor claim status, and review payment details
- Information on demand, such as your group's policy details, rates, bill generation dates, and reports on benefits participation, EOI status, and payroll deductions
- Easy access to your policy documents (policy, certificates, and benefit summaries)
- Monthly email notifications when billing statements are available
- Member self-service as an optional online employee experience scaled to your group's needs, ranging from view-only to direct personal benefits enrollment

### HIGHLIGHTS

- *Efficient, accurate, and real-time system connectivity/integration — no waiting*
- *Simple, user-friendly site*
- *No cost to the customer*
